## NOBILE 2017

VINO NOBILE DI  
MONTEPULCIANO D.O.C.G. TOSCANA

The Nobile is the wine that best represents our habitat. Here the main star is the Sangiovese which in Italian means "Jupiter's Blood". A wine for the Gods. Spontaneously fermented, the Zeus's nectar deserves our greatest attention, which is why we age the grapes from every single plot separately for 18 months in oak barrels and bariques. Brilliant ruby red in color with violet reflections, Ventisei Nobile will enchant you with its elegant, warm and juicy entrance. The nose expresses vivacity in a bouquet of cherry, blackberry and violet. The fluid body and the silky background tannins delight the palate together with a sweet touch of vanilla and star anise.

96,6% Sangiovese, 2,8% Merlot,  
0,6% Cabernet Sauvignon

Our Nobile is definitely a terroir wine and terroir is our main asset. People come and people go, generation after generation the winemaking style may vary, but in the end, terroir stays. That's why we honour each plot of our vineyards by keeping the grapes separate when they come to the cellar. We love guiding the fruit in their path from soil to bottle, leaving each individual character intact. This means that we perform separate fermentations and tailor-made macerations. We blend the different lots just after the ageing process, enhancing an overall balance and trying as hard as we can to convey the vintage's message into the bottle.
